Let's plan your **MAGICAL JOURNEY**
to **COLORADO!**

Air Travel

Gunnison Airport -

Located just 30 miles from Crested Butte, Gunnison is the closest and largest town nearby! It is a very small airport and allows easy travel. It does tend to have a higher priced ticket but worth it!

Denver Airport -

This location requires an ~ 4.5 hour drive through majestic mountain scenery. It is the most commonly used airport, despite the long road time due to the lower cost

of tickets. There is usually a public bus and/or many folks post on our local carpool page and ride together!

Colorado Springs Airport-

Another budget friendly option with a far drive, this location is close to Denver and is a larger airport with about a 4 hour (gorgeous) drive as well.

Grand Junction Airport-

This town is about 3.5 hours from CB and has a smaller airport (more similar to Gunnison) but sometimes deals can be really good.

Montrose Airport -

It is just 1.5 hours of driving from Montrose to CB! This smaller airport does not always have the most options for flight times but gets you pretty close to your destination!

*Driving directions can be confirmed from all sorts of directions. So happy to help! You will not necessarily have wifi the whole way through the beautiful mountainous drive. But it is pretty straight forward, easy to find and RAD!
